The background of the slide features a photograph of a modern building entrance. In the foreground, there is a large, intricate sculpture of a horse's head and neck, constructed from thick, intertwined copper wire. The sculpture is positioned on a large, dark, textured rock. The building behind it has a prominent overhang with the words "ARMINGDALE CAMPUS CENTER" visible in large, light-colored letters. The building's facade is a mix of dark panels and lighter, possibly wood or stone, sections. The overall scene is brightly lit, suggesting a sunny day.

## 1912 Legacy Society Planned Giving Program

- Frank Geremia '62 leaves approximately \$1M to Farmingdale Foundation in real estate and stocks
- Lee Bowen '59 allocates \$100,000 to Farmingdale Foundation in estate asset distribution

### YOUR LEGACY IS THEIR FUTURE

#### FARMINGDALE'S PLANNED GIVING

"I am a firm believer that one should give back to society. I want to support the continuing efforts of President Nader in raising the profile of the College to the next level. Private funding is essential for FSC to fulfill its mission. Tuition and fees alone cannot pay for everything.

In 1959, I earned an Associate's degree in Highway and Bridge Construction from Farmingdale. This was the catalyst for me to eventually earn an MBA, which was key to my successful career at Ford Motor Company.

For this reason, FSC is in my estate plan so others behind me will have the same opportunity."

LEE A. BOWEN '59

The 1912 Legacy Society was established to honor the thoughtful generosity of those who have included Farmingdale State College in their estate plans or who have made and documented a gift to Farmingdale for future support of the College. Through their planned gifts, members of the 1912 Legacy Society will ensure that Farmingdale remains an engine of opportunity for the future of Long Island and beyond.

Visit [myfarmingdalelegacy.org](http://myfarmingdalelegacy.org) for additional information. To discuss a planned gift, please contact the Office for Development & Alumni Engagement, at [foundation@farmingdale.edu](mailto:foundation@farmingdale.edu) or call 934-420-2142.

## **James Durant '68 Scholarship in Aviation**

- Meero Kalo '21
- First recipient

*“Thank you from the bottom of my heart. I appreciate the generosity and the help as it will get me a few flight hours and much needed experience!”*

## INVESTING IN OUR FUTURE

James Durant '68 and Meero Kalo '21 have a lot in common. Both earned degrees in the field of aviation. Both worked on campus for the admissions office and as residential life assistants. Meero's career goal has always been to become a professional airline pilot for a major carrier based out of JFK International Airport. James retired from JFK as Airport Duty Manager twenty years ago.

Most recently James invested in Farmingdale's future by establishing the James Durant '68 Scholarship in Aviation. Meero was the first recipient of that scholarship.

When asked what Meero would say to his donor before having the opportunity to meet James in person, he said "Thank you from the bottom of my heart. I appreciate the generosity and the help as it will get me a few flight hours and much needed experience! Seeing this has encouraged me to possibly do the same with future generations of aviators. I would love to help another fellow aviator in the future once I am all settled!"

## Diversity, Equity, & Inclusion Scorecard

### DIVERSITY, EQUITY, & INCLUSIVE EXCELLENCE

At Farmingdale State College, our story continues to evolve as we strive to build an even more diverse and inclusive environment. The data below shows where FSC is today. It showcases the areas where we have made great progress, and indicates the areas where the College can improve our efforts to make FSC a place where everyone feels welcome and valued.

### Diversity

#### Composition of FSC Students 2021

##### RACE/ETHNICITY

Over half of FSC students are minorities.

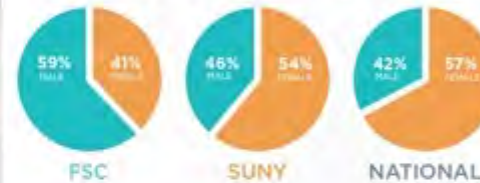

##### AGE

FSC has a slightly higher average age for our undergraduate students than the SUNY-wide average.

##### GENDER

FSC is unusual in the share of students who identify as male attending the College.

##### PAID EMPLOYMENT

69% of our students worked while studying full-time.

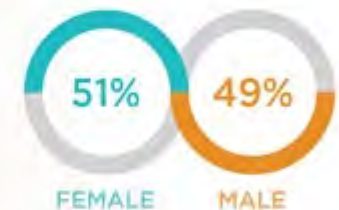

#### Composition of FSC Faculty & Professional Staff 2021

## THE COVID HUB

### Fall 2022

For the Fall 2022 semester, all students that have an on-campus presence or plan to use the campus facilities at minimum must be fully vaccinated with an initial COVID-19 vaccination series. All students are strongly encouraged to stay up to date on their vaccinations as defined by the CDC.

Farmingdale State College has been remarkably successful in dealing with the ongoing public health crisis. We continue to ask for your cooperation to safely proceed with a more normal and extensive campus experience.

All students who have been vaccinated and have not verified their vaccination status, must upload to the [SUNY Verification portal](#).

[Students](#) [Faculty & Staff](#)

### Masking

The campus does not intend to mandate face coverings at this time but reserves the right to adjust the policy based upon the community's rate of disease transmission.

### Planning for the Fall 2022 Semester

#### Top 5 Things You Need to Know

1. All students with an on-campus presence or plan to use the campus facilities at minimum must be fully vaccinated with an initial COVID-19 vaccination series.
2. Students must be fully vaccinated for at least two weeks prior to the start of class on Monday, August 29, 2022. Your vaccination must be verified through [SUNY's vaccination upload form](#).
3. Students who fail to comply with the vaccine mandate and are not given a medical or religious exemption by August 29, 2022 will be disenrolled from in-person classes and subject to the refund policy.
4. Medical or religious exemptions may be requested by qualifying students. In order to have an exemption request considered, students must submit such requests within **5 business days of your initial registration or June 30, 2022** whichever is later. Exemption forms can be found under the Resources & Forms section on the bottom of this page. Submissions will not be considered if submitted via any other format.
5. Students participating in applied learning experiences will be required to comply with the vaccination policies of their host site. This includes all levels of clinical and allied health training and educator preparation.

### Go Folder - Helping Our Students

#### Suggestions & Resources

Consider the information below to help refer students to appropriate resources.

#### Safety First

The priority is always the welfare of the campus community. Do not hesitate to call for help if someone is displaying threatening or violent behavior.

#### Listen Sensitively and Carefully

Use a calm voice and a non-confrontational approach. Avoid threatening, humiliating, and intimidating responses.

#### Be Positive

Engage students early on and set limits on disruptive behaviors.

#### Be Direct

Do not be afraid to ask students directly if they are under the influence of alcohol and/or drugs, feeling confused or depressed, or having thoughts of harming themselves or others.
